WAYS TO GIVE

WAYS YOU CAN HELP

Most people give cash. If you would like to give something else, please get in touch first so we can confirm it can be accepted and guide you through it.

Cash	A once-off gift by EFT or QR code, in any major currency. The simplest way to give.
Shares and investments	Listed shares, unit trusts and similar investments. Contact us first.
Property and other assets	Property, business interests or valuables. Subject to acceptance and an independent valuation.
A gift in your will	Leave a legacy. Plan this with your estate planner or adviser.

TAX

CAN I CLAIM MY DONATION?

Possibly. In many countries a gift to a qualifying charitable fund can be deducted from your taxable income or earn a tax credit, often up to a limit. Whether this applies to you depends on where you pay tax and what you give.

The **confirmation of receipt** from TrustBridge Global is the document your accountant, CPA or tax adviser will need. Please check with them before you give.

GOOD TO KNOW

- **Keep your documents.** Your confirmation of receipt and proof of payment are all you need.
- **Giving as a business?** Pay from the business account and use the registered business name, so the receipt is issued correctly. If your business receives advertising or naming in return, it may count as sponsorship rather than a donation.
- **Bank fees.** Your bank may charge for international transfers or currency conversion.
